Thanks!

That is a good point.

Thanks Valois: this is an amazing piece of work on your part given the complex history since first receiving their Class III/AE application.

I have a meeting all morning with Rick and Tony, but will be back in the afternoon to finalize this document and get it to Sarah.

I appreciate all your brain-straining work on these topics!

The papers are pretty different, so maybe 2 papers is fine.

Subject: Draft NEPA Functional Equivalence Paper

Hi –

Attached is the draft NEPA FE paper. This draft incorporates comments by Brian and Lucita. (Brian and Lucita – you may want to review again...). Please let me know if you have any comments by noon or so today so that I can incorporate any changes in time to meet Darcy's "afternoon" deadline.

Valois – I'm not sure how you are setting up your paper, so not sure if this works with your formatting. I think it is probably ok to do 2 separate papers but Lucita and Valois if you think otherwise, please let me know and we can try to blend them.

Please let me know if you have any questions.

Thanks,
Erin
